What we did last term....

We enjoyed learning all about 'Our World'. We had a very exciting visit from Crocodiles of the World and met a snake, a lizard and a baby crocodile with very sharp teeth! We pretended to fly off to other Countries via passport control and tasted lots of different food at Snack-time. We all dressed up as Jungle or Safari animals and played with moon sand and slime. We learnt about some of the creatures that live Under the Sea and the animals that live in the very chilly Arctic.

Bookings Opening Soon....

We are holding an Easter Family Bingo on 23rd Mar, 2-4pm. This is a fundraising event and places are limited so please book soon.
 Parent's Evening – Appointment allocation lists will be available on the door from 18th March to book your place with your keyperson.

Next term we will be....

We will be learning all about Minibeasts, and we have some fun activities planned. We will be studying the life-cycle of caterpillars/butterflies, we will be weaving spider webs, we will be watching the worms in our wormery, we will be having a slug and snail race at Forest School. We will make stained glass butterfly wings and each week we will learn all about different minibeasts, such as ladybirds, bee's, ants, spiders.

Forest School....

Forest School will be held every Thursday morning after half-term, (weather permitting). Please make sure that your children have named wellies and waterproof coats as we will be jumping in lots of muddy puddles!

Reminders....

As the weather is turning wetter and colder, please ensure that your child brings a named coat, hat, gloves and wellies to Pre-School every day. We play outside most days and it is very important that children are dressed appropriately for the weather. Thank you.
